

JUDIT LÁZARO

EXPERIENCE

Freelance Frontend Developer

2023 - Current

- TypeScript and JavaScript (Angular, React, Svelte).
- Next.js and Astro for modern, SEO-friendly web applications.
- API integration (Workato) and Full-stack development using jQuery, React and Node.
- JEST for unit testing.
- Passionate about code documentation.

Frontend Developer (React)

IT Academy

February, 2023 - Current

Frontend developer in IT Academy's Wiki, where I worked with:

- TypeScript, React, and Vite.
- Atomic Design System for modular and reusable components.
- Vitest for robust unit testing.
- CI/CD pipeline and Git workflows for rapid software release.
- Storybook for UI documentation.
- Agile methodologies.

Social worker

Caritas INVITA, Upper Austria

Nov 2021 - Sept 2022

As a member of INVITA, my responsibilities were:

- Maintaining a legacy codebase in an already deployed product.
- Developing new features for soon-to-release products.
- Applying AICLE/CLIL methodologies for teaching Spanish as a Foreign Language (ELE) to people with psychological and physical disabilities.

EDUCATION

Frontend Development Bootcamp - React

IT Academy, 2023

400 hours

UX Design Professional Certificate

Coursera

2023

Full Stack Development Certificate

Samsung Tech Institute - "DesArrolladoras",

2021-2022

650 hours

Master of Advanced Studies in Spanish and Latin American Literature

University of Barcelona

2016-2018

Frontend Developer

Above all, human. Slowly evolving into Lola Flores: "she neither sings, and does not even dance, but you can't miss her."
